

# Biochemistry Now™

## STUDENT QUICK START GUIDE

---

### Your First Visit to BiochemistryNow

1. Go to <http://chemistry.brookscole.com/ggb3> and click **Register**.
2. The first time you visit, you will be asked to select your school. Choose your state from the drop-down menu, and then type in your school's name in the box provided and click **Search**. A list of schools with names similar to what you entered will show on the right. Click on the name of your school and then click **Continue**.
3. On the next screen, click the radio button in the "Content Access Code" box next to "I have a content access code that came with my textbook, or I have purchased one separate from the textbook either from the bookstore or online." Then, enter the access code from the card that came with your textbook in the "Content or Course Access Code" box. Click **Continue**.
4. On the Account Information screen, complete the required fields. This information will only be used to contact you if there is a problem with your account.

**Note:** Your account information will be sent to the email address that you entered in Step 4, so be sure to enter a valid email address. You will use your email address as your username the next time you login, so make note of the email address and password before proceeding.

5. On the Welcome to ThomsonNOW screen, click **Start Using ThomsonNOW**.
6. The next page is your Home page. On the far right, under "Course Materials," click the **Biochemistry** book cover to enter BiochemistryNow. Select a chapter and begin!

### Second and Later Visits

1. Go to <http://chemistry.brookscole.com/ggb3> and click **Login**.
2. Enter your user name (the email address you entered when you registered) and your password, and then click **Sign In**.
